

In their own words:

I feel like I'm making progress in English and making friends; when not coming to school, I feel like a blind woman, but now I can see! *Meena*

Proud that I can hold a pencil properly and speak English. *Moti*

Teachers are working hard and program is well organized to learn many things. There is an interpreter who makes me more comfortable when I do not understand. Opportunity to learn at the Center makes me happy. *Tika*

In Bhutan, no opportunity to go to school; now I can write my name. Even though I am 70 years old I want to learn English. *Dil*

In Nepal,
I couldn't write my name. At the Center I write my name, I learned the English alphabet and numbers. *Tila*

I appreciate the techniques that HCFLC uses to give me the possibility of acquiring some information about other cultures and make friends with other colleagues. *Nabihazire*

I like to come to HCFLC because I like to speak and listen to English from native Americans. Here we learn to speak English correctly. We learn about other diverse cultures. Here we meet people from all continents. This school has teachers who work hard for us every day. This Center has good methods for learning the English language well. *Lavderim*

in our society.*

Mission Statement
Sisters of Holy Cross

When I came to America last year, I found this school with good teachers. Now I appreciate everyone at HCFLC. They provide fun learning!
Maya

Holy Cross Family Learning Center
is a place where people of diverse cultures
from the City of Manchester, New Hampshire,
come together
to initiate or to continue their education.

As part of this learning,
they will participate in helping
to develop the Center
as a place where
family values are strengthened,
community building is fostered,
literacy is nourished,
academic performance is raised,
and diversity respected and celebrated.

I want to learn more English and I enjoy being with my friends and the teachers at the Center. If I stayed home I wouldn't learn new things and I would be bored!

*Holy Cross
Family Learning Center
seeks to respond to the
needs
of the growing
immigrant and refugee
population of the
Greater Manchester area
especially on
Manchester's West Side.*

If I learn English, it will be easier to go shopping. I could understand prices and labels in the market better. I like to practice talking English.
Phul
